

Curriculum Vitae

First & Middel Names	Sameh Ghanem Salem
Nationality	Egyptian
Place of Birth	Cairo, Egypt
Date of Birth	19 rd Oct. 1977
Specialization	Communication and Radar systems, Signal Processing Techniques Compressive Sensing
Qualification	Engineering Doctor
Affiliations	School of Electrical and Electronic Engineering, Military Technical College

Bio:

I am Dr. Sameh Ghanem Salem. I graduated from Military Technical College (MTC), Cairo, Egypt in June 2000. I have got B.Sc. in Electrical Engineering (communication department) with grade **excellent with honor** and GPA **3.86**. I graduated with the first rank among all other engineering disciplines in my college (MTC). I was awarded the Medal of Military Duty from the Supreme Commander of the Egyptian Armed Forces as recognition for his scientific achievement in June 2000. I was an instructor then Associate lecturer then lecturer at the Military Technical College, Radar Department. I got my Master's from the Egyptian Military Technical College on Dec. 2007.

I was also awarded the Doctor of Philosophy in Electrical Engineering under the supervision of Prof. Abdel Rahman H. Elbardaweny in the field of signal processing and compressive sensing in May 2015. During my service in the Egyptian Armed Forces for more than 20 years, I was involved in many activities including but not limited to scientific, teaching, research, and field duties where I practiced all academic and engineering work related to my specialization. My researches are focused on the followings:

- 1- Signals and systems.
- 2- Communication system.
- 3- Signal Processing.
- 4- Digital Logic systems.
- 5- Compressive sensing.

I supervise many students in the field of signal processing and compressive sensing.

I communicated with many researches during my stay in the Egyptian Army.

I am self-motivated, hard worker and enthusiastic.

Dr. Sameh Ghanem
